In order for AB 890 to be successful, CSA needs to have a strong grassroots advocacy program. Bryce Docherty, CSA’s legislative advocate, has been working with members of the LPAD committee, CSA’s board of directors and district directors to educate and engage with key members of the legislature. As AB 890 moves through the legislative process we will need help from all of CSA’s members in communicating support for the bill.

- Key Messages on the AA Legislation – please use these talking points as a guide when discussing the AA issue and AB 890.
- Read the Q&A for answers about the need for Anesthesiologist Assistants and the bill.
- Read the Comparison of AAs and CRNAs Education & Practice and AA Duties and Functions to learn more about the role AAs play.
